FIG. 15

Diagram illustrating a hypertext link. The link is contained within a rectangular box. Five callout lines with numbers point to specific parts of the link:

- 415 points to the start of the link ([\).](#)
- 420 points to the href attribute value (*javascript:InitiateMicropaymentTransaction('1500');*).
- 425 points to the end of the link ().
- 430 points to the title attribute value ("Listen to: I'll Fly Away, \$0.10" nowrap).
- 435 points to the file name "flyaway.wav" at the end of the title attribute.

```
<A href="javascript:InitiateMicropaymentTransaction('1500');"  
title="Listen to: I'll Fly Away, $0.10" nowrap>flyaway.wav</A>
```

FIG. 16A

Diagram illustrating a JavaScript function. The function is contained within a rectangular box. Two callout lines with numbers point to the function definition:

- 440 points to the start of the function definition (Function).
- 445 points to the end of the function definition (}).

```
Function InitiateMicropaymentTransaction (ContentID) {  
    document.form1.action="processForm.asp";  
    document.form1.hidProdIDvalue = ContentID;  
    document.form1.submit()  
}
```
